Message Guidelines

› Remain non-partisan and focus on engaging all voters, regardless of party affiliation. We want everyone to participate in democracy!

› Remind your audience of the crucial nature of election heroes with the upcoming midterm elections.

› Highlight the work being done in your state and community. Poll workers and election administrators are your friends and neighbors, and they’re giving a great deal of time and energy to our democratic process right now.

What Is An Election Hero?

› **STATE AND TERRITORIAL ELECTION OFFICIALS:** Implement election laws and policies, maintain voter registration databases, and work collaboratively with local election officials to ensure a successful voting experience for all eligible voters.

› **COUNTY/MUNICIPAL ELECTION CLERKS AND DIRECTORS:** Execute detailed election plans built in partnership with state officials. Lead all of the day-to-day operations of registration and voting for their jurisdictions and recruit poll workers.

› **ELECTION OFFICE STAFF:** Support the work of the election administrator through clerical duties, digital support, and much more. In many cases, this team is quite small, leading to a heavy and time-sensitive workload for these workers in this critical time.

› **POLL WORKERS:** Provide on-site support to local election staff to administer a smooth voting process on Election Day and during early voting. They are responsible for everything from checking voters in, to making sure voting machines are working in proper order. These folks are put on the front lines of elections and will interact with hundreds of voters throughout their work.
